The University's enrolment procedure is completely electronic, and all students are required to enrol using mySI-net via www.my.uq.edu.au.

A standard full-time load is equal to 8 units (often expressed as #8) of study per semester. International students are required to complete their studies within the duration of their student visa, so enrolment in #8 each semester is highly recommended.

The Enrolment website at http://www.uq.edu.au/startingatuq/ includes all the information you need to get started and can be accessed at any time. No login is required.

Domestic students must enroll by 7 February 2014.

International students must enrol by the 28 February 2014 for Semester 1 or a late fee may be charged.

Task Wizard
After you have accessed mySI-net, The Task Wizard will step you through any outstanding items you need to action (such as addresses, ethnicity & language, disability details, previous studies, emergency contacts and more). You may not be able to add courses to your enrolment until you deal with these outstanding items.

DRIVING IN QUEENSLAND

Driving in Queensland Information
If you have a valid foreign driver’s licence with you, and are in Australia on a temporary visa (includes Student Visa and Student Dependent Visa), you do not need an Australian licence.

You are allowed to drive in Queensland on your valid overseas driver’s licence if you:
- only drive the class of motor vehicle authorised on that licence;
- comply with the conditions (if any) on your licence; and
- carry your licence with you at all times and immediately show the licence to a Police Officer if asked to do so. If your license is not in English or easy to read, you need to also carry and present a certified English translation or a current International Drivers Licence.

It is illegal to drive an unregistered vehicle or to drive without the correct drivers licence. All passengers must wear seatbelts at all times and use child restraints as needed. If you drive any vehicle, you must know and abide by the Queensland Road rules, found at www.transport.qld.gov.au

FORMS OF IDENTIFICATION IN AUSTRALIA

The legal age in Australia to enter premises that are licensed to serve alcohol is 18 years.

ID that is acceptable to be shown as proof of age includes:
- Passport (recommended you leave this in a safe place at all times)
- Home Country Driver’s Licence – with photo
- 18+ Card shows proof of your age and is available as evidence that you are legally able to enter licensed premises. Small fee for card. To apply, contact Queensland Transport on:

Please note:
- UQ Student ID Card is NOT ACCEPTABLE as proof of age at licensed premises.
- Your home country driver’s licence may be acceptable, but is not guaranteed at all venues.

MONEY MATTERS

Banking and Finance
The main types of financial institutions in Australia offering banking and financial services are banks, credit unions and building societies.

Opening a bank account in Australia:
If you open a bank account within 4 weeks after your arrival it is a much simpler process as ONLY your passport is needed to open an account. Other important information includes:

- You may open a bank account before you organise permanent housing. Tell the bank you are in temporary accommodation, and ask them to hold your pin number for you at the bank
- Bring your student ID card later to insure you get a ‘fee free’ student account
- If your savings will earn interest, give the bank your Tax File Number (TFN), but this is not urgent.
More Information
Guide for International Students – banking and finance including transferring money

Please note
Banks in Australia will NEVER phone you OR send you an email asking to confirm your financial
details OR your purchases OR to confirm numbers on your credit card. NEVER respond to these.
These are common criminal activities and should be reported in person to your bank.

Tax File Numbers (TFN)
If you intend to work in Australia you will need a Tax File Number to be paid correctly from your
employer and to pay the appropriate government tax. To apply for a TFN please go to
www.ato.gov.au/individuals

Budgeting
Most students live on a limited income, so managing and saving money is very important.
It will be an advantage for you to have a well thought out budget that you can stick to.
It is also important to know how and where to shop to save money, what traps and ‘scams’
to avoid, your rights as a consumer, and what to do if you run into financial difficulties.
